FOUNDER'S DESK

With the inspiration of social activities in mind, VOICE TRUST was registered as a Trust under Indian Trust Act in 1997. (Registration No: 1004/1997). Our Trust is a charitable non-profit organization in Madurai District recognized by the Government, Hospitals and distraught downtrodden communities. The various activities organized for the welfare of our people is on the basis of 4 services: Health, Education, Road safety and Environmental protection. (HERE)

VOICE Trust provides the needed space, scope and the resources for education to play its due and significant role in all the trust activities and projects. Be it health, eye care, road safety, skill building, rural sanitation, women empowerment or poverty alleviation, Education of the masses and the target population through appropriate media has always been of pivotal significance in all the project proposals and the executions of VOICE TRUST Madurai. Each year during the festivals in honour of the helpless elderly people, free dhoti and saris are distributed by our charitable trust with the help of local famous textiles and donating well wishers. Around 900 people have been benefitted by this.

I am happy that Voice Trust Madurai since its inception has progressed tremendously well during the past decade and come to the present deeply rooted in Madurai and the neighbouring districts. Especially the activities during the past years and the contacts that we made have been very significant in giving a strategic new direction to Voice Trust Madurai. Now we are firmly entrenched in the project and mission mode and in the coming year Voice Trust Madurai will hopefully be gaining by way resources and reaching out to a wider population to cater to their health, educational and skill development and safety and security needs through thematic and integrated projects that are in the pipeline.

I, on behalf of the Board of Trustees thank all the Trustees, well-wishers philanthropists, NGOs, Medical Institutions and Government departments for providing us with their presence and financial help towards organizing our planned activities and accomplishing them in the manner that the trustees expected and to the satisfaction of the various targeted populations. I am especially indebted to thank our Trustees for their kind motivation in our efforts.

T. MURUGESAN. MA. MBA

Main Goal

VOICE Trust aims to build the foundation for good health and the opportunity to lead meaningful and productive lives of downtrodden communities in rural areas, indigenous people and migrant people.

Vision

To be an integrated health care organization for marginalized communities in rural areas by providing excellence in health care, research and education and to act as an organization to collaborate with national programmes.

Mission

The mission of Voice Trust is to provide quality healthcare services and facilities for rural and indigenous communities, to promote wellness, to relieve suffering, and to restore health, safely, and humanely, consistent with the best service we can give.

Legal Status

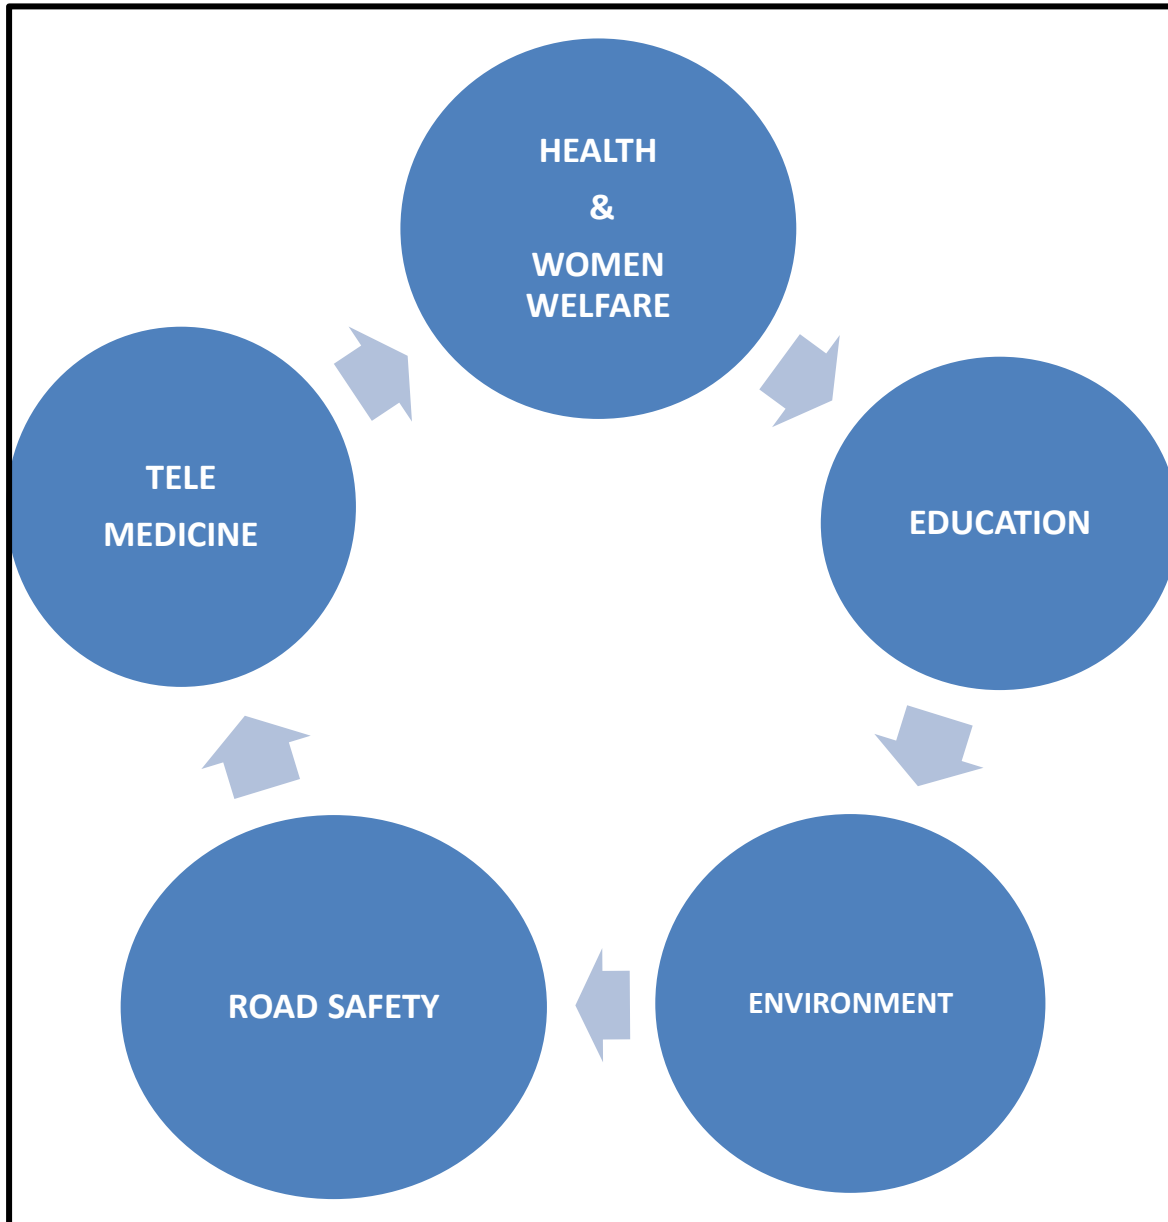

Registered under Indian Trust Act in Madurai. Registration Number 1004/97 dated 21 April 1997.

Registered under Section 12AA of the Income Tax Act of Government of India dated 08 March 2012

Registered under Section 80G of the Income Tax Act of Government of India dated 20 Nov 2012.

FCRA applied.

HEALTH & WOMEN WELFARE

Improving Health and well being of every individual

HIGHLIGHTS FROM THE YEAR 19-20

Free Health Camps

Health and Nutrition Awareness

Important Health Days
Celebration

Eye Donation

PROGRAMMES

HEALTH AND MEDICAL CAMPS

Voice Trust in association with Velammal Medical College Hospital & Research Institute, Madurai organized a **Health Camp for the BAR ASSOCIATION LAWYERS, Madurai on 10.07.2019.** Over 350 Advocates were screened and given medical advice at the special Medical Camp organised at the Court Premises. The main focus was on the changing lifestyle and food habits that people are adopting these days and the problems creeping up due to these sedentary habits. Various general preventions to cure these problems were also suggested by them.

A Free Blood Sugar and Free Bone Mass Index (BMI) check-up was also in place to check the density and mass of bones.

Voice Trust and Velammal Hospital acknowledged the support, transparency and patience exhibited by the team from the Madurai Bar Association towards the preparation of this successful camp. The President and Secretary of the Bar Association said that the main focus towards organizing such camps was allowing the participants to avail the benefits of such voluntary events.

Free Diabetic Camp

Madurai Voice Trust, Suji HealthCare Pvt Ltd and Apollo pharmacy jointly held a **free Diabetes awareness camp on 24.08.2019 for the General Public** near Meenakshi Amman Temple Madurai. During this camp height, weight, sugar and blood tests were done to rule out various diseases.

The camp was organized to make the people aware of the growing effects of diabetes keeping in view, the increase in the patients of diabetes during the last few years as the number of 32 millions in 2000 has increased the double at 63 millions in 2013.

The general public appreciated the efforts of Voice Trust, Madurai for creating awareness about the fast spreading disease because of change of the life style of the people at large. With increasing age, the best defence against disease is early detection possible only by regular screening. It is our endeavour to make quality healthcare and specialist doctors accessible to more number of people. As part of our social and outreach initiatives, we regularly conduct free health screening camps to create awareness about preventive health check and early detection of disease.

General Medical Health Camp

Voice Trust Madurai in association with Suji Health Care and Madurai Meenakshi Mission Hospital organized a free Medical camp for the employees of Arasan Ganesan Aluminum Industries on 16.10.2019

A thorough examination by the doctors were done and the prescribed medicines were provided free of charge.

Weight, Sugar test, ECG examination and Eye examinations were conducted by the medical team of Meenakshi Mission Hospital & Research Center. The event was finally graced by Mr. Ganesan Managing Director, Arasan Aluminum Industries. A total of 146 employees benefitted from this camp.

General Medical Health Camp

Free General Medical Camp was held on 18th Nov 2019 at Pandiyanadu Institute of Co-operative Management, Thirunagar, Madurai for the students of Diploma in Co-operative Management and Junior Inspectors of Co-operative Department.

This programme was organised by Voice Trust, Suji Health Care Pvt Ltd and Apollo Speciality Hospitals Madurai.

The Programme was conducted in accordance with the celebration of the 66th year of Madurai District Co-operative Society.

Diabetes check-up, Height, weight, ECG and General Consultation were provided to 76 employees of Co-operative Department. A Blood Donation camp was also organized by GH to promote about Blood Donation. Dr Krithiga- General Physician of Apollo Speciality Hospitals gave a healthy feedback after examining the employees stating that most of them were hale and healthy.

Free General Medical Camp

Voice Trust, in association with Suji HealthCare, Lions Club of Sivakasi, and Madurai Meenakshi Mission Hospital organized a Free General Medical Camp at Arasan Ganesan Polytechnic, Sivakasi for the College students on 04.09.2019. Around 600 students attended and benefitted from the programme.

The medical camps also seek to provide both preventive and curative treatment for those who require special treatment from relevant hospitals. Conducting these camps for students also aims at providing free tests for diabetes, blood pressure, hemoglobin etc and also provides counseling for students by trained doctors and specialists.

Free General Medical Health Camp and Eye Screening Camp

Free General Medical Camp was held on
25th Jan 2020 at Valaicheripatti.

This programme was organised by Voice Trust in association with Suji Health Care Pvt Ltd and Meenakshi Mission Hospital Madurai.

Free Diabetes check-up, Height, weight, ECG, Eye Check-up, General Consultation and Medicine prescriptions were provided to 250 people.

Free Medical and First Aid Camp

Free General Medical Camp was held on 9th Feb 2020 at MS Mahal Paravai, Madurai for the welfare of the general public.

This programme was organised by Voice Trust in association with Suji Health Care Pvt Ltd Lions Club International Madurai and Apollo Hospital.

A total of 450 people benefitted from this programme. Free Diabetes check-up, Height, weight, ECG, Eye Screening, General Consultation and Medicine prescriptions were provided.

HEALTH AND NUTRITION AWARENESS

Hepatitis-B Awareness

Hepatitis B is a viral infection that attacks the liver and can cause both acute and chronic disease. The virus is most commonly transmitted from mother to child during birth and delivery, as well as through contact with blood or other body fluids. It is a major global health problem. It can cause chronic infection and puts people at high risk of death from cirrhosis and liver cancer. A safe and effective vaccine that offers a 98-100% protection against hepatitis B is available. Preventing hepatitis B infection averts the development of complications including the development of chronic disease and liver cancer.

Hepatitis-B Awareness Seminar was conducted on 28.07.2019 at Madura Coats Private Limited by Voice Trust in association with Guru Hospital, for the employees. On this occasion Dr. Kalpana, Gynecologist and Dr. Vishnu Kumar, Pain Management Specialist, participated and explained in detail about the various liver diseases and how to prevent them. Around 70 people benefited from the programme.

“Hepatitis-B Awareness” was given to the North West Rotary Club executives and members at Hotel Star Residency on 28.07.2019. Dr A.C.Arun a leading Gastroenterologist, Hepatologist and Endoscopist in Madurai explained in detail about the liver disease and how to prevent them.

Health and Nutrition Awareness

Voice Trust and Apollo Hospital Madurai jointly organized a “Health and Nutrition Awareness” programme for Madurai Duraisamy Nagar Resident Association and their families on 09/06/2019.

. We can improve our health by keeping a balanced diet. To be adequately nourished, individuals need to have access to sufficient and good quality food and they need an understanding of what constitutes a good diet for health, as well as the skills and motivation to make good food choices. It's easy to get confused when it comes to health and nutrition.

Awareness of health and nutrition in people can make many differences in a country because a nutritional deficiency can hinder the whole population of India, increase unproductiveness, and economy fall. However, a more affluent in terms of health awareness the urban population is less good than the rural population.

At this event Mrs. Sukanya, Apollo Hospital chief Dietician explained in detail about the various foods and habits that have to be followed to prevent various diseases. She also clarified the audience questions at the end of the presentation.

About 75 people benefited from the event. The programme came to an end with a vote of thanks by Voice Trust Managing Director T Murugesan.

HIV/AIDS Awareness Programmes

Aid Awareness Programme involve a multi-pronged sequence of events and interventions including educational, social and Medical efforts to contain the spread of giving proper care and treatment to infected people, and above all, ensuring a healthy atmosphere in the society to end social stigma and ensuring social marginalization.

AIDS Awareness programmes to School students in Madurai District.

This project benefits from the Foundation's already-established rural infrastructure of the Action for Rural Rejuvenation program and healthcare professionals. Indeed, over the years, Voice Trust has demonstrated considerable ability to address the issue of human suffering and give

individuals the necessary inspiration, means, and methods to face various hardships.

The Foundation has also been very successful in galvanizing support from all sections of the society towards causes of deep human concern and creating an all inclusive model of human well-being.

NATIONAL HEALTH DAYS CELEBRATIONS

World Breast Feeding Week Celebration

World Breastfeeding Week is celebrated every year from 1 to 7 August to encourage breastfeeding and improve the health of babies around the world.

. The World Breast Feeding Week was jointly organized by Voice Trust and Guru Hospital, Madurai for the Anganwadi Staff and pregnant women under the Integrated Rural Development Program on 07.08.2019 at the conference Hall, Guru Hospital. Dr. Kalpana, obstetrician specialist, clearly outlined the significance and usefulness of the "World Breast Feeding" week. Breastfeeding promotes better health for mothers and children alike. Increasing breastfeeding to near-universal levels could save more than 800 000 lives every year, the majority being children under 6 months

.WHO recommends exclusive breastfeeding starting within one hour after birth until a baby is 6 months old. Nutritious complementary foods should then be added while continuing to breastfeed for up to 2 years or beyond.

National Nutrition Week

Awareness seminar on National Nutrition Week Day was organized at Sri Meenakshi Govt.Arts College for Women(A), Madurai on 03-09.2019 which was organized by Voice Trust, Suji HealthCare, Lions Club of Pandian and Madurai Apollo Hospital. Breakfast is often avoided in today's environment.

Eating more junk food and fast food has become a habit nowadays and loved by everyone.

Our traditional food has been forgotten. The restaurants usually sell parotas made out of maida. This is loved and consumed by today's generation. The result is likely to be cardiovascular problems, High Blood pressure, Kidney failure and diabetes. If this continues we will lose a healthy India. The main emphasis was to switch to the

traditional foods and reduce the diseases.

Around 500 students participated and benefitted from this programme.

As India marks Nutrition Week from September 1 to September 7 and makes September as the Poshan Month, we look at the grim reality of Malnutrition in the country. Over the years, India has shown exemplary performance in terms of economic growth, there has been a significant increase in GDP, we are making our way to the moon, but we are still a country where 194.4 million people are undernourished. This is 14.5 per cent of the total population, states the Food and Agriculture Organisation's (FAO) 'The State of Food Security and Nutrition in the World, 2019' report.

World Heart Day

This year on World Heart Day, as part of our mission to ensure heart health equity for all, our objective was to create a global community of Heart Heroes ... people from all walks of life who are acting now to live longer, better, heart-healthy lives by making a promise: A simple promise ... for MY HEART, for YOUR HEART, for ALL OUR HEARTS.

Cardiovascular disease is the world's number one killer today. But it doesn't need to be this way. By making just a few small changes to our lives, we can reduce our risk of heart disease and stroke, as well as improving our quality of life and setting a good example for the next generation.

Voice Trust associated with Apollo Speciality Hospitals, Madurai organized an Interactive Heart Session at Madurai Kamaraj University on 25.09.2019. A

Screening Camp from 11.30 am to 2.30pm for Madurai Kamaraj University teaching & Non-teaching staff was also carried out. Sr.Interventional Cardiologist, Apollo Hospitals, Madurai enlightened the programme with the World Heart Day message.

World Heart Day, 29-09-2019

World Heart Day plays a crucial role in changing all of this. It is a vital global platform that we, as well as our members, patient groups and supporters, can use to raise awareness and encourage individuals, families, communities and governments to take action now.

Voice Trust, Suji HealthCare and Dr. Velu's Heart & Rhythm Clinic organized the World Heart Day event for the members of the Madurai Lions Club of Pandian on 29.09.2019.

Dr.Vadivelu pointed out that heart disease is spreading rapidly in the present day. This is due to poor eating habits and lack of physical activity. In today's fast world, he insisted on eating healthy and avoiding junk and fast food. All who attended the programme were given a free diagnosis.

Dietetics Day

Dietetics Day- Reaching the unreached Nutrition Outreach Programme was celebrated at Kulamangalam Village, Madurai on 10/01/2020. This programme was organised by Voice Trust, Sri Meenakshi Govt Arts College For Women(A) Madurai, Lions Club of Madurai Senthamil, Indian Dietetic Association- Kilakarai Chapter and Suji Healthcare Pvt Ltd.

This Event was organised to impart the importance of healthy diet to the people in the village of Kulamangalam. The Chief Guest MJF Lion R Ramasamy Dist Governor, Dist 324-B3 in his speech emphasised the importance of our traditional food.

. The main highlight of the programme was from the Home Science Department students of Meenakshi College. The message of Healthy Diet and Nutrition reached to the village people very efficiently through the students vibrant Villupattu, skits, Quiz and Nutrious Recipe Demonstration.

A total of around 100 village people & 50 College students were benefitted by this programme. Free Lunch and refreshments were provided along with prizes for the winners in the Quiz competition. Broadly the programme was conducted mainly to create awareness among people about the importance of nutrition and a balanced diet with the Governments vision to make India malnutrition free by 2020.

International Women's Day Celebration -Free Health camp

On the occasion of International Women's Day Celebration 2020, a Free Health Camp was held on 10th March 2020 at Agricultural College & Research Institute, Madurai exclusively for women. Free medical camps are conducted with a sacred aim to bring awareness and provide completely free medical checkup including all medical services which are available nowadays in hospitals.

This programme was organised by Voice Trust in association with Agricultural College & Research Institute, Madurai, Community Science College and Research Institute Madurai and Apollo Speciality Hospitals Madurai. The theme of the day

was "How to fight with Stress".

. This successful free Health camp was organised by Voice Trust in collaboration with renowned doctors of Apollo Speciality Hospitals hospitals, Dr Hemalatha and Dr S.R,Devi leading Consultant Gynaecologists.

A total of 300 people (Students and Staff) benefitted from this programme. Medical tests administered included those of Diabetes, Blood Pressure, Height, weight, Haemoglobin, General Consultation and Medicine prescriptions were provided.

International Day For Elderly

International Day for Elderly was celebrated on 1st October. This day is observed to focus on the importance of

senior citizens who sometimes are neglected in our society. This day emphasizes on our responsibilities towards our elder in order to make their lives happier.

The main aim of this day is to generate awareness amongst people about issues which affects the elders, as well as to appreciate their contribution towards the society. This day was celebrated at Madurai East Block by taking care of the elderly.

Getting old could be a difficult experience when your health starts to deteriorate and you get increasingly dependent on others for your daily activities. It is at this time

that the elderly require the most care and compassion. The importance of a proper elderly care can never be overstated as they too deserve dignity of life.

The theme this year was, “Take a Stand against Ageism”. The theme for this year challenges everyone to consider ageism- the negative attitudes and discrimination based on age- and the detrimental impact it has on older people.

World No Tobacco Day

Every year, on 31 May, the World Health Organization (WHO) and global partners celebrate World No Tobacco Day (WNTD). Voice Trust in association with Nala Dental Clinic and State Bank of India, Madurai took this as an opportunity to raise awareness on the harmful and deadly effects of tobacco use and second-hand smoke exposure, and to discourage the use of tobacco in any form.

The focus of World No Tobacco Day 2019 is on “tobacco and lung health”. The annual campaign is an opportunity to raise awareness on the harmful and deadly effects of tobacco use and second-hand smoke exposure, and to discourage the use of tobacco in any form. The highlight of the program was with the slogan “Don’t let tobacco take your breath away.” Tobacco smoking is a major cause of lung diseases worldwide, including lung

cancer, COPD, pneumonia, and tuberculosis (TB).

The highlight of the program was with the slogan “Don’t let tobacco take your breath away.”

This Programme was concluded with a pledge to eliminate tobacco by employees of Nala Dental Clinic and Sate Bank of India, Madurai.

National Safe Motherhood Day & Eye Awareness

To raise awareness about the proper healthcare of women and maternity facilities to pregnant and lactating women National Safe Motherhood Day (NSMD) was observed on 11th April.

This day also focus on reducing anaemia among women, institutional delivery, for better pre and post natal health care etc. which are necessary for mothers. The goal of these campaigns is to seek every woman has right to live and they could be survive during pregnancy and childbirth.

This day also raised awareness for the prevention of child marriages because we can say that child marriage may be an indirect cause of maternal deaths. It is the right for every woman to take good quality nutrition proper healthcare services during

and after pregnancy and childbirth. In fact in India the government is also taking effort to reduce the maternal mortality rate but we can't ignore the fact that it is our duty also to take steps for women healthcare and if needed to educate them.

Awareness of eye diseases and their treatment can play an important role in seeking and accessing available services. Voice Trust in association with Agarwal Hospital provided awareness and screening of eye to the general public.

Eye-related symptoms are often ignored, leading to delayed presentation, which may culminate in ocular and visual disorders leading to temporary or permanent visual impairment and even blindness in some cases. Increased community awareness and knowledge of common eye diseases and their treatment options are important in promoting preventive ophthalmic care.

National Cancer Awareness Day

National Cancer Awareness Day was observed on 7th November by Voice Trust in association with Meenakshi Mission Hospital and Suji Healthcare Pvt Ltd to generate early detection and creating awareness about cancer .

The day is marked to coincide with the birth anniversary of the eminent scientist Madame Curie. Marie Curie is remembered for her discovery of radium and polonium, and her huge involvement in the fight against cancer. Her work steered to the development of nuclear energy and radiotherapy for the treatment of cancer.

When one talks about Cancer, there is almost always an instant generation of fear in the heart. The reason behind this fear is usually the common belief that all types of cancer are fatally dangerous for people. However, the fact is that there is always a chance to cure cancer when it is caught at an early stage.

In India, the incidence of cancer is increasing rapidly; therefore it is important to step up cancer literacy and knowledge amongst the population.

It is true, that when detected at the last stage, there is a slim chance of cure, but this can be solved by raising awareness about the same so that it helps people detect the symptoms and be prepared in advance.

World Tuberculosis Day

Each year, we commemorate World Tuberculosis (TB) Day on March 24 to raise public awareness about the devastating health, social and economic consequences of TB, and to step up efforts to end the global TB epidemic. **This year World Tuberculosis Day was celebrated by Voice Trust in association with self help groups.** The date marks the day in 1882 when Dr Robert Koch announced that he had discovered the bacterium that causes TB, which opened the way towards diagnosing and curing this disease.

TB remains the world's deadliest infectious killer. Each day, nearly 4500 people lose their lives to TB and close to 30,000 people fall ill with this preventable and curable disease. Global efforts to combat TB have saved an estimated 54 million lives and reduced the TB mortality rate by 42%.

Stigma associated with TB disease may also place certain populations at higher risk. Stigma may keep people from seeking medical care or follow-up care for TB. But anyone can get TB. People with TB can be found in every state; where we work, where we live, where we learn, and where we spend time with family and friends.

TB infection is extremely common – about one-quarter of the world's population is estimated to be infected. Preventive treatment for tuberculosis can stop TB infection from turning into disease.

EYE DONATION AWARENESS

Blindness is one of the major public health problems in the developing countries. According to World Health Organization, corneal diseases (Damage to the tissue covering the front of eye called cornea) are among the major causes of vision loss and blindness, after cataract and glaucoma.

In most cases, loss of sight can be corrected through 'Eye Donation" After the death of a person, various organs can be donated and can be surgically transplanted to the patients who need them. One such organ is the eye .By donating eyes after death, a corneal blind person can see again through a surgical procedure known as corneal transplantation, where by the damaged cornea is replaced by a healthy cornea from the eye donor.

Voice Trust in association with Suji HealthCare conducted an "Eye Donation Awareness camp" on 23.09.2019 at Vellaichamy Nadar College, Madurai as part of the National Welfare Program. The programme was presided by Mr. Jawahar, Principal of the college. The special invitee for the ceremony was Mr. Veerasamy, a Senior ophthalmologist, said that if one donates one eye, it can be used for up to four people. He said that students should be aware of the donation and make it known to others. Director of Voice Trust said that the students should be restrained from using their cell phone for long period of time. The event was attended by Lions Club Mr. Natarajan. Dr. Senthil Pandiyan, Welfare Program Officer ended the programme with vote of thanks.

EDUCATION

A joyful and enquiry-based education

HIGHLIGHTS FROM THE YEAR 19-20

Yoga Day Celebration

Dengue Awareness

Eye Screening

Student-Parent-Teacher Exam Fear
Awareness Programme

Childrens Day Celebration

World Sight Day

PROGRAMMES

YOGA DAY CELEBRATION

The International Day of Yoga has been celebrated annually on 21 June since 2015, following its inception in the United Nations General Assembly in 2014. Yoga is a physical, mental and spiritual practice which originated in India. The Indian Prime Minister, Narendra Modi, in his UN address suggested the date of 21 June, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world.

On the eve of International Yoga Day, Voice Trust imparted awareness and Yoga training to M.E.P.U.P.School Students in Andarkottaram on 21.06.2019.

EYE SCREENING

Vision and learning are closely related to each other and school is the first formal space for learning. Since 80% of what a child learns is visual, in case, they have a problem she/he suffers not only from poor vision but also faces critical setbacks in development. When children have difficulty in seeing clearly, be it the blackboard or their books, it hampers their ability to learn in the classroom with their peers.

School-age children constitute a particularly vulnerable group because of the high prevalence of refractive error – myopia, hypermetropia, and astigmatism. Refractive errors may not be addressed for a variety of reasons, including lack of awareness by the individual or their family, children not realizing that they are not seeing clearly, limited availability, or affordability of refractive services including glasses and cultural stigma that discourage the use of glasses.

Therefore, the key role of school eye health programs is to identify children with eye problems as early as possible and provide quality treatment on time. School eye health programs also help increase awareness among children, teachers, and school staff as well as parents about the importance of eye health and need for preventive or regular eye examinations. Timely intervention contributes to the improved participation of children within the school system– both academics as well as cocurricular activities helping them realize their full potential.

The **School children of Govt. Primary School, Y.Othakkadai, Madurai** underwent **Free Eye Sreening Programme on 28.06.2019**. This event was organized by Voice Trust in association with and Dr Agarwal's Eye Hospital Lions Club of Madurai Cosmos. Early detection and treatment of childhood ocular problems has a huge role in eliminating avoidable causes of visual impairment in our country. The various eye ailments of the students were screened and rectified by efficient doctors. About 500 children benefited from this camp.

THANKS GIVING CEREMONY

A Thanks giving event was organized by Madurai East Panchayat Union Primary School, Andarkottaram to Voice Trust on 06.09.2019 in appreciation of the trust's services of the school renovation work.

As part of Environment protection, students planted saplings in the school campus.

participated in various cultural programmes. The school Headmistress Mrs Latha thanked Voice Trust for their valuable services.

Voice Trust Managing Director T Murugesan addressing with some words of advice to the students.

WORLD SIGHT DAY

World Sight Day (WSD) is an annual day of awareness held on the second Thursday of October, to focus global attention on blindness and vision impairment.

A free Eye Awareness programme on World Eyesight Day was organized at Sourashtra Boys Secondary School in association with Voice Trust, Suji Health Care and Lions Club of Madurai Friends on 10.10.2019.

The welcome address was given by Mr. Srinivasan, Principal of the School. Mr. Veeraasamy, special guest of the event, said; now days there are more schoolchildren with eye disorders. Students use most of their time on cell phones. Voice Trust Managing Director Mr. Murugesan and Lions Club Executive Mr. Murthy graced the occasion. About 150 students participated in the event.

DENGUE AWARENESS PROGRAMME

Voice Trust Madurai, Suji Health Care and Apollo Hospitals, Madurai organised an interactive Awareness Programme on Dengue 13.11.2019 for the students of Sri Meenakshi Sundareswarar Girls Higher Secondary School, Theppakulam, Madurai

The main purpose was to spread Dengue awareness, promote and provide a safer and healthier learning environment. A special assembly of the school children was organized to spread awareness about the importance of proper environment sanitation in the fight against dengue,

which will give raise to a healthier generation. Dengue is transmitted by bite of Aedes aegypti mosquito infected with any one of the four dengue viruses. This mosquito bites only during daylight hours. Dr Mariappan highlighted on the breeding sites and prevention methods. Specimens of the Dengue mosquito were shown to the students.

During transmission season(rainy season) all persons can wear clothes that cover arms and legs. Dengue patient should be prevented from mosquito bites. This will prevent further spread of dengue to other persons.

The programme was concluded with an Oath to eradicate Dengue. A total of 750 students benefitted from this programme.

CHILDRENS DAY CELEBRATION

Children's day, one of the best day of the year for kids is celebrated on November 14, on the birth anniversary of Jawaharlal Nehru in schools across the country.

Today a lively Children's Day programme was conducted at Madurai East Panchayat Union Middle School, LKP Nagar, Sakkimangalam Panchayat, Madurai.

This programme was jointly organised by Voice Trust, Suji Health Care and Madurai Friends Lion Club.

Establishing healthy behaviours is easier and more effective during childhood and adolescence than trying to change unhealthy behaviours during adulthood. Children from small age should be taught about cleanliness through which health hazards can be avoided. Lions Moorthy encouraged through his words by saying that Today's children are future leaders, so children should study well from the beginning itself.

In appreciation of the children's talents, awards were distributed for the Best Student and cleanliness awards were also given. A cultural programme was organised by the students. Refreshments were provided to the children. A total of 350 students benefitted from this programme.

STUDENT-PARENT-TEACHER EXAM FEAR AWARENESS PROGRAMME

Voice Trust in association with M.S.Chellamuthu Trust & Research Center and Lions Club International conducted Student-Parent-Teacher Exam Fear Awareness programme at SISCM Group of Schools, Bodinayakanur on 20/02/2020.

This event mainly focused on how to effectively encourage school students, teachers and parents to face the exams and how to deal with stress on students. A consultation meeting was held between students and parents.

A widely-used intervention, cognitive behavioural therapy (CBT), focuses on understanding and challenging the way a student is thinking prior to exams, and paying attention to their thoughts during them.

Exams are important but worrying and panicking about them can be counterproductive, leaving young people unable to revise and prepare. It is vital that young people are supported by family, friends and teachers during the exam period to help them do the best they can. A total of 800 students, 140 teachers and 150 parents were benefitted from this programme.

ROAD SAFETY

HIGHLIGHTS FROM THE YEAR 19-20

Road Safety Awareness

Road Safety Awareness Programme was conducted by Madurai Voice Trust and Sivakasi Transport Regional Office for the students of Arasan Ganesan Polytechnic and Sivakasi College on 04.09.2019.

Voice Trust Madurai is actively working towards its mission through interventions and activities, both individually and with Government/Semi Government bodies support. Voice Trust Madurai has been developing cost effective dynamic tools to enhance efficiency and deliverability of Road Safety within the existing legal framework.

Road accidents are an outcome of the interplay of various factors, some of which are ignorance, carelessness, thoughtlessness, over confidence, length of road network, vehicle population and human population etc. Road accident causes injuries, fatalities, disabilities and affects children's growth and their development.

Voice Trust Madurai have been pre-eminent in spreading the message about road safety through a wide variety of grass root activities aimed at raising awareness amongst all levels of society as to the risks and consequences associated with a lack of road safety awareness. Voice Trust Madurai strongly feels that partnering with media provides impetus to the initiative and has close association with local and national media both electronic and print. Voice Trust Madurai believes that community involvement can give strong support to the cause of road safety and

motivate political will, thus enable road safety actions to be prioritised and implemented

Road Safety has been one of the priority areas in which Voice Trust Madurai has been concentrating in the last one decade. Regularly through sponsors and in collaboration with the Madurai District Transport, Police, Health and Revenue authorities

VOICE TRUST Madurai has been conducting various programmes among the students, drivers and the general public to bring home that safety on the roads for the drivers and the pedestrians should be given the needed importance it deserves.

There are solutions to the road safety problem. A wide range of effective interventions exist, and experience in countries with long histories of motorized travel has shown that a scientific, “systems approach” to road safety is essential to tackling the problem. This approach addresses the traffic system as a whole and looks at the interactions between vehicles, road users and the road infrastructure to identify solutions.

PROGRAMMES

WORLD ENVIRONMENT DAY CELEBRATION

On World Environment Day, Voice Trust in association with Suji Health Care and Lions Club of Cosmos, Madurai hosted the World Environmental Seminar at Appar Higher Secondary School, Karuppayurani in Madurai on 7.06.2019. A platform for action World Environment Day is the United Nations day for encouraging worldwide awareness and action to protect our environment. Since it began in 1974, the event has grown to become a global platform for public outreach that is widely celebrated in over 100 countries.

The people's day Above all, World Environment Day is the "people's day" for doing something to take care of the Earth. Each World Environment Day is organized around a theme that draws attention to a particularly pressing environmental concern. The theme for 2019 is "Air pollution".

On this occasion Dr. Mariappan, Ex Scientist at Indian Institute of Science-(ICMR) explained about the environmental awareness and the dangers of dengue and how we can protect ourselves. The event was attended and benefited by approximately 450 school students.

DENGUE AWARENESS

“Good health and good sense are two of life’s greatest blessings” but now a day some dangerous diseases effects on health very much like one of its example is Dengue Fever.

Voice Trust in association with Anandam Lions Club and Suji HealthCare organization held an "Environment and Dengue Awareness Programme" at Arulmigu Lord Subramania Swamy Girls' Higher Secondary School, Tiruparankundaram on 19.07.2019.

Dengue fever, also known as break bone fever, is a mosquito-borne infection that can lead to a severe flu-like illness. It is caused by four different viruses and spread by *Aedes* mosquitoes. There are currently no vaccines. The Centres for Disease Control and Prevention (CDC) estimate that 400 million people are infected each year.

About 600 people benefited from the event. The students were involved in an interactive session on Dengue Awareness.

DENGUE PREVENTION

Voice Trust Madurai, Suji Health Care and Madurai Apollo Hospital conducted a Dengue Prevention & Awareness programme for the Theni District Police Family in Coordination with Police Department of Theni District on 18.10.2019. The event was inaugurated by Sri.V.Baskaran, IPS, Superintendent of Police, Theni District.

Dr. Mariappan, Ex.Scientist., - ICMR, in his speech said that dengue is a widespread disease in the rainy season. The disease is spread by stagnant water in plastics, tires and aquatic waste in our surroundings. So we need to keep our surroundings clean. He said the disease could be avoided by preventing mosquito bites in areas with clean air.

Dr.G.Venugopalan, MD., (Geriatric Medicine)., Apollo Specialty Hospitals, Madurai said, Dengue fever is a curable disease. A person suffering from dengue fever may be deficient in water. To control this we have to drink a solution made up of salt and sugar in drinking water. People suffering from the disease should consult the doctor and take medication.

SRI.ELAMARAN, Deputy Superintendent of Police, Armed Reserve, Theni District finally ended the programme with vote of thanks. About 200 people benefited from the programme.

Dengue Awareness Programme

Voice Trust Madurai, in association with Suji Health Care and Apollo Hospitals, Madurai organised an interactive Awareness Programme on Dengue for the students of MRR.MAVMM Matriculation Higher Secondary School, Collectorate Road, Madurai on 12.11.2019. The main purpose was to spread Dengue awareness, promote and provide a safer and healthier learning environment. A special assembly of the school children was organized to spread awareness about the importance of proper environment sanitation in the fight against dengue.

Specimens of the Dengue mosquito were shown to the students.

Early clinical diagnosis by physician and proper clinical management lowers the fatality rates below 1%.

The programme was concluded with a Oath to eradicate Dengue. A total of 300 students benefitted from this programme.

AWARENESS PROGRAMME ON CLEANLINESS

This Awareness Programme was conducted at Agricultural College and Research Institute, Madurai under ICAR Development Grant SC Plan- 2019-2020 in association with Agricultural College and Research Institute, Madurai and Apollo Speciality Hospitals, Madurai on 07.03.2020.

Special lecture on Health and Cleanliness was delivered on Preventive Health from Apollo Speacility Hospital.

A total of 300 students were benefitted by this programme.

The awareness programme on Cleanliness, Health, and Nutrition is conducted with a view to equip the students about health and hygiene, about various nutritious food that they should take while they are still growing physically and also how to overcome stress and tensions in their early age. Through collaborated efforts like these, the need to spread awareness programme to adolescent girls & boys of the state and also rural areas is very important.

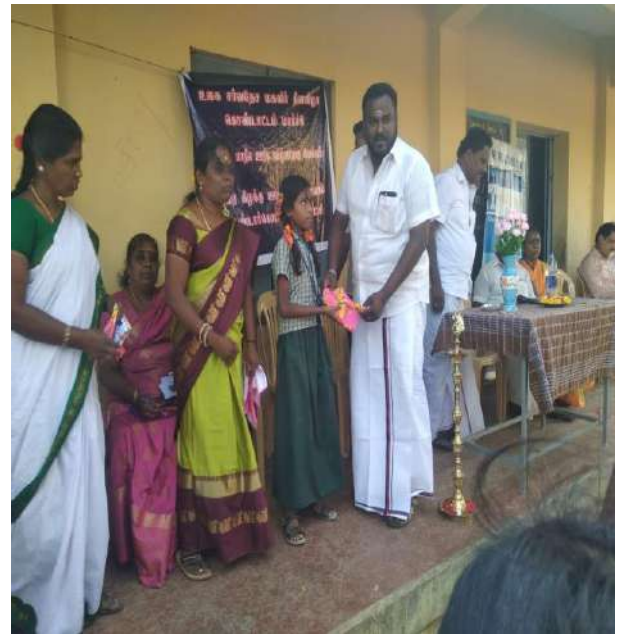

CORONA VIRUS AWARENESS

The corona virus death toll has risen past 2000 in mainland China as per National Health Commission's report and more than 75,000 people have been affected worldwide. In India, Kerala initially reported three cases of infection, and two had tested negative.

In view of this, a special session was conducted at **M.E.P.U.P. School in Andarkttaram on 13.03.2020 in association with Voice Trust and Suji Healthcare** for making students aware of this virus.

The safety, health and well-being of our students and staff is our top priority. Voice Trust is raising awareness against the corona virus as a precaution, though are stressing that parents should not panic as schools are "completely safe". A detailed session was conducted in which students were told them that school is taking the necessary steps and they are completely safe.

During the session we have been discussing washing hands regularly, keeping mouth covered when coughing or sneezing and hands covered when you are dealing with edible items.

Thereafter Symptoms of the virus were discussed:

As this is also flu season, we continue to remind students to follow proper hand washing techniques. Signs are also around schools as reminders for students, staff and visitors as well. They were informed that every student can protect against infections by practising good hand hygiene and respiratory hygiene. Students showed a great interest in attending this session as they found it very useful, they got to know how to take care of themselves and their family from this dangerous virus. A total of 159 students and 100 women benefitted from this programme.

DISTRIBUTION OF MASKS & SANITIZERS

The pandemic, COVID-19 has adversely affected individuals and businesses around the world. In light of this, collaboration is the need of the hour to protect and empower affected communities and frontline workers with essentials.

During this challenging phase and in line with our guiding principles, we launched the COVID-19 Relief Programme.

Under this program, to address the soaring demand of quality sanitizers, especially across hospitals and frontline workers who are relentlessly serving COVID-19 patients, Voice Trust donated Masks and Hand Sanitizer Gel for to frontline workers in COVID designated hospitals across the city.

Handing over of masks to Madurai Corporation Commissioner

Handing over of Masks and Sanitizers to Madurai Collector and District Fire Service Officer

Voice trust engaged in the process of manufacture of masks-Skill development

DISTRIBUTION OF GROCERIES & VEGETABLES

The corona virus pandemic and the subsequent lockdown in India is not just a public health crisis. It is also an economic crisis — taking away the livelihoods of migrant, daily labourers and exposing vulnerable people like sanitation workers to the dangers of infection. To combat the lack of food supplies and loss of income, Voice Trust helped the vulnerable with supply of groceries, vegetables and fruits in the following areas: Karuppayurani, Bharathipuram, Veerapandiyan Nagar, Kalmedu, Narikkuravar Colony, Aandar Kottaram and Boonjuthi.

PROVISION OF CLOTHES TO THOSE IN NEED

Free Distribution of clothes for Diwali Festival

On the occasion of Diwali Festival, free clothes were distributed to the poor, homeless needy people on 23-10-2019 Karuppayuranivillage.

Free Distribution of shirts on Pongal Festival

Makara Sankranti is one of the few ancient Indian festivals that has been observed according to solar cycles, while most festivals are set by the lunar cycle of the lunisolar Hindu calendar

Voice Trust in Association with Ramraj Cotton reached out to the needy, Homeless and Poor People on the occasion of this Makara Sankranti Festival. A total of 177 needy people were provided with free shirts.

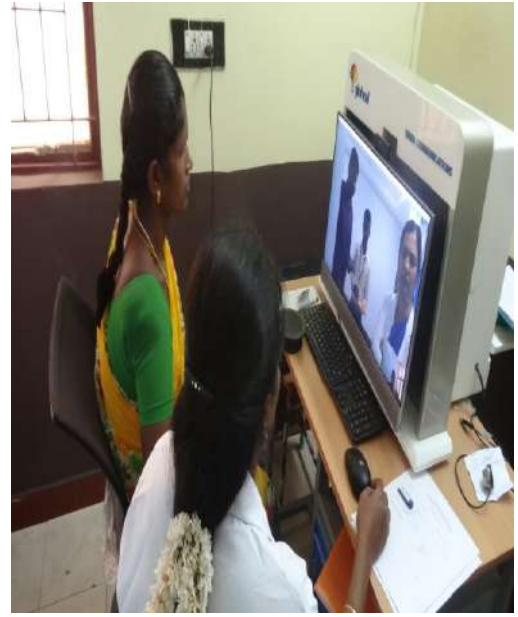

This Programme was organised in Karrupayurani Village on 13/01/2020. For the past several years the trust has been distributing dresses like sarees for women, shirts and dhotis for men and school uniform for the poor and needy school students.

TELEMEDICINE

Telemedicine is an upcoming field in health science arising out of the effective fusion of Information and Communication Technologies (ICT) with Medical Science having enormous potential in meeting the challenges of healthcare delivery to rural and remote areas besides several other applications in education, training and management in health sector.

Under the Government of India's Remote Medical Services Program, Voice Trust has been the partner of Tata Tele medicine. The biggest advantage for patients is that they can now consult the best doctors in the county remotely and get treated for their illness.

We have initiated a telemedicine project to serve the needs of communities in the remotest parts Madurai, Theni, Bodi and Kadamalaikundu

Based on the 'hub-and-spoke' model, the project will provide diagnostics and medical consultation services through video conferencing with specialized doctors and equipment available at the telemedicine clinics.

IMPACT

Health & Women Welfare

(Free Medical & Health Camps, Health and Nutrition Awareness, Important Health Days Celebration)

Number of people benefitted - Around 10000

Education

(Yoga Day Celebration, Eye Screening, Thanks Giving Ceremony, World Sight Day, Dengue Awareness Programme, Children's Day Celebration, Student-Parent-Teacher Exam Fear Awareness Programme)

Number of people benefitted - Around 8000

Road Safety

Number of people benefitted – Around 7500

Environment

(World Environment Day Celebration, Dengue Awareness & Prevention Programme, Awareness Programme on Cleanliness)

Number of people benefitted – Around 8000

Covid-19

(Corona Virus Awareness, Distribution of Masks & Sanitizers, Distribution of Groceries & Vegetables)

Number of people benefitted – Around 1500

Provision of Clothes

Number of people benefitted – Around 1000

Telemedicine

Number of people benefitted – Around 1000

Dengue

One of the best school for girls which is well organized by the Head Mistress Ms Shanthi and her other teachers. The program on dengue awareness was conducted to-day.

As a guest speaker, I delivered lecture and interaction with students to project the students and their families to prevent dengue transmission with in this part of the city.

I wish the school to grow further in getting 100% pass in 12th and 10th std.

Best Wishes for Voice Trust & Suji Healthcare and all

Thanks,
